- Your class teachers will let you know through Microsoft Teams which column you are in for their subject. If you are still not sure, email them to ask.
- During these times, you should be logged on to Teams and complete the learning and assignments set by your teacher for their subject.
- Your teacher will be available at these times. They will provide a mixture of online teaching, live interaction through a Teams meeting or the chat function. Check your MS Team for what is planned.
- You will still be expected to complete homework, assignments and revise outwith these times.
